**Info Tech Recruitment Team**  
*Info Tech<sup>®</sup>, Inc.*  
Gainesville, FL, US

September 23, 2018

Dear Sir or Madam,

I am writing to express my interest in the Econometric and Statistical Analysis Intern (ESA Intern) position in the Info Tech<sup>®</sup>, Inc. I am very excited about this position because I believe that this summer internship opportunity will be invaluable in helping me to develop a deeper understanding of the complex dynamics in the industry environment. My goal upon graduation is to secure a career in the field of health data analytics.

I am currently a second year Ph.D. student at the University of Kansas Medical Center concentrating in biostatistics. Prior to enrolling in a doctorate program, I have completed my Master's degree from the University of Nevada, Reno majoring in statistics. I also worked for more than a year as a statistician at the International Center for diarrheal disease Research center, Bangladesh. I also worked for Delta Life Insurance Company, Dhaka, Bangladesh as part of my summer internship program.

My research assistant position at KU Medical center provided me with the opportunity to collaborate with doctors, allied health professionals in developing statistical models that help to diagnosis, better disease management, and improved patient prognosis. During my studies, I finished several research project analyzing survival data in approximately 600 patients to assess the effect of kidney transplantation, especially for older patients with the end-stage renal disease. I also worked with the University of Kansas Alzheimer's disease center to develop a web application for electronic data capture. I feel very confident in my statistical programming abilities. I also presented different SAS conferences.

I am excited at the prospect of working for Info Tech<sup>®</sup>, a company known for its high standards in construction management software, Internet bidding services, statistical consulting and network services. I believe that the combination of my academic and professional experiences has provided me with the interpersonal and analytical skills that will enable me to make a significant contribution to the company. Enclosed please find a copy of my resume, which provides additional information on my background and work experience. Thank you for your time and consideration, and I look forward to hearing from you.

Sincerely Yours,

**Palash Sharma**
